"Quality tarp systems & replacement parts for over 44 years"

About our Tarps

Making the highest quality Tarps since 1974. Contact us for the best price on your replacement tarp.

- Patent pending webbed corners
- Longest life tarps on the market
- Exact measurements for perfect fit to OEM specifications
- Highest quality Armor Fab material made as specified to our strict standards. Especially for electric systems)

- Heavy duty twice sewn pockets with lock stitch no heat sealed. (Prevents stretching against the seam and shortening of the tarp's life)

- All webbing straps sewn on the top and bottom through each other to connect the two. Not heat sealed to the tarp which would tear out prematurely
- More reinforcement straps giving a tighter tarp
- Our straps are sewn multiple times for more strength

- Polyester thread giving you rot and mildew protection
- Waterproof seams
