

# WARNING

**DO NOT:** Stand in the path of the front or rear spring arms. Springs and Arms are under extreme tension. Death or injury could occur.

**DO NOT:** Operate with broken or damaged components. Death or injury could occur. Tarp **MUST** be in fully covered or uncovered position prior to driving. **DO NOT:** Dump while covered.

## OPERATING & MAINTENANCE INSTRUCTIONS:

- Refer to operations and maintenance sheet or website.
- Spring tension must be released before repairs.
- Make repairs ONLY after following instructions.
- Routinely inspect for damage to tarp and parts.
- Do not operate if damaged, replace or repair damaged parts.
  - Keep path of arms clear.
