

LOCK-N-RELEASE

LOCK-N-RELEASE FROM SIOUX CITY TARP

The latest innovation from Sioux City Tarp, the leading developer of motorized tarp covering systems. Traditionally, grain hopper trailers have to be unloaded using a manual crank system. This difficult task is time consuming and can even be dangerous, but no more!

The Lock-N-Release hopper door control system alleviates the hassle of opening and closing hopper doors.

POWER & PERFORMANCE

With a powerful motor, now hopper doors quickly open and close with just a push of a button. Each hopper door can be moved in small increments to completely control grain release. Our system works with both rack & pinion as well as strap trap doors, and the straps don't have to be removed when the Lock-N-Release is installed.

The motor comes with a full three-year warranty and is the same proven motor that has been used by Sioux City Tarp for years for their motorized tarp systems. Each Lock-N-Release system comes with both a weather proof mountable switch as well as a wireless remote control. You can stay in the cab or be right there where the action is happening.

FEATURES:

- :: WIRELESS REMOTE CONTROL
- :: INTEGRATES INTO EXISTING SET-UPS
- :: WORKS WITH BOTH RACK & PINION AS WELL AS STRAP TRAP DOORS
- :: ALLEVIATES THE HASSLE OF OPENING AND CLOSING HOPPER DOORS
- :: MOUNTS HIGHER ON THE TRAILER TO AVOID DAMAGE
- :: POWERFUL MOTOR IS WARRANTIED FOR 3 YEARS

THE NATIONS LEADER IN TARPING SYTEMS

RELIABLE & EASY TO INSTALL

If you have an existing electric roll tarp system, no problem.. the Lock-N-Release hopper door control system easily integrates into existing set-ups... no matter the manufacturer. Easy to install, each kit comes with all the parts you need to completely automate your grain hopper trailer whether it is a one or two door system.

Light weight but durable, your Lock-N-Release mounts higher on the trailer to avoid damage when the unit is pulled through the field. And best of all, when you order your Lock-N-Release, you order directly from the manufacturer which saves you money!

With the Lock-N-Release hopper door control system, you'll have years of carefree operation. For more information, visit our website siouxcitytarp.com or give us a call at 888-258-6939.
